EDUCATION

Harcourt Butler Technical University, Kanpur

Bachelor of Technology in Electronics Engineering

Central Hindu Boys School, BHU, Varanasi

Class XII

CGPA: 7.78

(2023 – 2027)

75.2%

(2021)

Raj English School, Varanasi

Class X

96.2%

(2019)

EXPERIENCE

Banaras Locomotive Works (BLW), Varanasi, Indian Railways

Certificate 

Industrial Training Trainee – June 2026

- Completed a one-month industrial training across four shops, learning how locomotives are built, tested, and maintained on a real, active production line.
- Watched WAP-7 and WAG-9HC locomotives go through electrical testing and assembly, and learned the quality-checks and safety steps followed at each stage.
- Understood how different teams – manufacturing, testing, and maintenance – coordinate with each other to keep production running smoothly.
- Wrote a technical report summarizing what I learned about locomotive production, safety practices, and quality-control standards.

PROJECTS

Letshire - AI Assistant | Python, FastAPI, React, Groq LLM API, Pydantic

GitHub  | Live 

- Built a system that reads real-world resumes in different formats and automatically converts them into clean, structured data recruiters can search and query.
- Designed the assistant to answer only from verified resume data, ensuring accurate, trustworthy responses that help recruiters ask more relevant, informed questions.
- Built and deployed the full application end-to-end, and optimized it to respond faster while reducing unnecessary computing costs.

TECHNICAL SKILLS

- **Programming & Problem Solving:** C++, JavaScript, Python, Data Structures & Algorithms (Arrays, Strings, Sliding Window, Binary Search, etc.), Object-Oriented Programming
- **Engineering & Systems:** System Design Fundamentals, DBMS, Operating Systems
- **Data & Analytics:** Pandas, NumPy, Scikit-learn, LLM APIs (OpenAI, Gemini)
- **Software Tools & Platforms:** Git, Linux, MongoDB, Node.js/Express, REST APIs, JWT, VS Code

ACHIEVEMENTS

- Solved **400+ coding problems** on LeetCode, Codeforces, and CodeChef, building strong analytical and logical problem-solving skills. Codolio 
- Collaborated in a **4-member** team in the university round of **Smart India Hackathon 2025**, a national Certificate  level competition, to build and present a prototype for the PM Internship Scheme website under a tight deadline.

CERTIFICATIONS

- **Machine Learning Specialization** – DeepLearning.AI & Stanford University Certificate 
- **System Design Masterclass** – Udemy Certificate
